

20. A method according to claim 1, wherein a gestagen is administered which is dienogest.

21. A method according to claim 1, wherein a gestagen is administered which is a norethisterone ester.

22. A method according to claim 1, wherein a gestagen is administered which is chloromadinone. *ACG 756*

23. A method according to claim 1, wherein a gestagen is administered which is cyproterone acetate.

24. A method according to claim 1, wherein an antigestagen is administered which is 4-[17 β -Hydroxy-17 α -(methoxymethyl)-3-oxoestra-4,9-dien-11 β -yl]benzaldehyde-1(E)-oxime.

25. A method according to claim 1, wherein an antigestagen is administered which is 4-[17 β -methoxy-17 α -(methoxymethyl)-3-oxo-estra-4,9-dien-11 β -yl]-benzaldehyde-1(E)-{O-[(ethylthio)carbonyl]}-oxime.

26. A method according to claim 1, wherein an antigestagen is administered which is 4-[9 α ,10 α -epoxy-17 β -hydroxy-17 α -(methoxymethyl)-3-oxo-estr-4-en-11 β -yl]-benzaldehyde-1(E)-oxime.

27. A method according to claim 1, wherein an antigestagen is administered which is 4-[17 β -methoxy-17 α -(methoxymethyl)-3-oxoestra-4,9-dien-11 β -yl]benzaldehyde-1(E)-oxime.

28. A method according to claim 1, wherein an antigestagen is administered which is 4-[17 β -hydroxy-17 α -(methoxymethyl)-3-oxoestra-4,9-dien-11 β -yl]benzaldehyde-1(E)-{O-[(N-ethyl)-carbonyl]}-oxime.†
